

INSTITUT TEKNOLOGI BANDUNG

Inbound Semester Exchange

For students enrolled in Dutch universities

Inbound Semester Exchange Admission

More Information: <https://admission.itb.ac.id/home/student-exchange>

SEMESTERS

Semester 1 (Odd Semester): Mid August – Mid December

Semester 2 (Even Semester): Mid January – Mid May

Students from the Netherlands can participate in inbound semester exchange to ITB via:

- **Nomination from home university in the Netherlands.** At the university level, ITB currently only has a student exchange partnership with [TU Delft](#). Please ask your student exchange / mobility for the nomination process. There are other universities that partner with ITB at the faculty/school-level. Please check your faculty or school.
- **Global Engineering Education Exchange (GE3).** Currently, only [TU Delft](#) and [University of Twente](#) are parts of GE3. Take a look at ITB's [GE3's page!](#)

If you wish your university to partner with ITB for student exchange, please connect to your International Office or related office in order that we establish a partnership.
