WINNER 2022: Poster Session and Networking

18 – 20 October 2022

1. Background

Indonesia and the Netherlands share a long history of collaboration in many areas of education and scientific research. To celebrate, expand and deepen this long collaboration, a committee comprised of the Dutch Research Council (NWO), the Embassy of the Kingdom of the Netherlands in Jakarta, the Indonesian National Research and Innovation Agency (BRIN), the Royal Netherlands Academy of Arts and Sciences (KNAW), the Indonesian Young Academy of Sciences (ALMI) and Nuffic Neso Indonesia, initiated the Week of Indonesia-Netherlands Education and Research (WINNER).

The first WINNER Conference took place virtually in November 2020 with the theme, “Achieving the Sustainable Development Goals – From Knowledge to Practice.” The second edition of the conference took place both offline and online in October 2021 with the theme “Innovation for the SDGs: Education and Research Collaboration towards the future.” Learn more about the previous two editions on the WINNER’s website: www.winner.or.id.

This year, the WINNER Conference will hold its third edition on 18 – 20 October 2022 and will return in a hybrid format under the theme “**Learning and Research Collaboration for Sustainable Green, Blue and Digital Economies and Societies.**” This year’s theme encompasses a multitude of collaborations and questions, in fundamental and applied sciences, in natural, social, technical and health sciences and humanities, and between academics, businesses, NGOs and public organisations. It continues to emphasise the need for interdisciplinary approaches and multi-stakeholder engagement needed to address global challenges and achieve the SDGs. WINNER will host various sessions and there will be ample opportunities for online networking and matchmaking.

2. Objectives

The WINNER Conference aims at becoming an annual international conference where researchers, educational enthusiasts, policymakers, NGOs, businesses and societal stakeholders from Indonesia and the Netherlands are invited to present research results and to discuss how collaboration in science and education between both countries can be strengthened based on mutual priorities, sharing best practices, and making new connections.

3. Event Format

In the WINNER online international conference, activities will be divided into four main sections:

Stages: The main stage will primarily host the opening and closing events. It will also hold a series of events in a webinar/talk show format on “**Learning and Research Collaboration for Sustainable Green, Blue and Digital Economies and Societies**” programmes, featuring high-level speakers ranging from the Indonesian and Dutch Ministries, researchers, policymakers, NGOs, and businesses.

Sessions: A series of sessions in a webinar/discussion format will be held to facilitate the networking led by the presenters from the poster sessions, featuring topics around the theme “**Learning and Research Collaboration for Sustainable Green, Blue and Digital Economies and Societies.**”

Expo: This section will facilitate:

- **Indonesian HEIs:** as exhibitors to promote their international programmes, any available scholarships and possible research collaborations.
- **Poster Presenters:** This section provides the opportunity to present their visual display of research or project so that visitors can come and view the presentation. Further discussion regarding the topic in the poster will be held in respective session rooms.

**The event program is available on [WINNER Conference webpage](#).*

4. Date and Venue

Day, date : Tuesday - Thursday, 18 - 20 October 2022

Online Platform : [Hopin](#)

5. Poster Session Description

A Poster session is one of the dedicated sessions in the WINNER Conference, which serves as an interactive medium to present previous or ongoing projects (research/practices) relevant to SDGs and stimulate dialogue as well as exchange ideas on the Innovation for the SDGs in the future.

6. Target Audience

The target audiences of the Poster Sessions are education and SDGs enthusiasts that include (but are not limited to) students, researchers, and private companies from Indonesia - the Netherlands. Graduates of Dutch Higher Education Institution based in Indonesia or the Netherlands that are now contributing to society via start-ups also become a key audience for these kinds of sessions.

7. Language of Communication

This event will use English as its main language in order to accommodate the international audience.

8. Call for Poster Sessions

The WINNER Committee is inviting you to take part in the Poster Session for the WINNER Conference 2022 by presenting **research** outcomes or highlighting innovative **practices** that are aligned with the conference's overarching theme. In the research category, you are encouraged to present your previous or current research which can include various methodologies, such as experimental research, applied research, program evaluations, or literature reviews addressing research questions. In the practice category, you are requested to highlight any innovative practice or intervention that is relevant in this regard. You can share preliminary results or outcomes in the practice category as well.

Due to limited space, potential presenters are invited to first submit the following materials for a selection process on **Thursday, September 15th, 2022, at the latest***:

- A poster that you will be presenting
- A brief summary of your presentation

* See next section for more detailed instruction.

Poster Criteria

The poster should be a clear visual presentation that adheres to the following criteria:

Poster size and format

- Due to the virtual nature of the conference, only Electronic Posters (E-Posters) in .ppt or .pptx format will be accepted. It is recommended to compose your poster in PowerPoint (Landscape mode).
- Do not exceed the limit of **7 PPT slides** for your E-Poster.

Poster content

- The title page must contain the title of the presentation (8-10 words), the name(s) of the author(s), and (if applicable) affiliation(s).
- An abstract should be made that contains a brief summary of the poster. Do not exceed 300 words. It is advised to have the following key points included as the main content (but are not limited to): Problem statement, methods, results, and conclusions that are aligned with the conference theme. Please make sure that each key point/section is clearly indicated in the poster.
- Provide up to 5 keywords in the abstract. Indicate **at least** one of the SDGs in the keywords.
- Illustration format used in the poster is open to creativity. Static images are recommended over animations. In case of presenting a video material, upload the video on your YouTube account (private mode) and **embed the video URL** to your poster. Make sure that the embedded URL is clickable on the submitted file.
- Text and presentation should be in English only.
- The PPT template for the poster will be provided on [WINNER](#) website.

How to submit

- In order to participate, fill in the **Poster Session Presenter Registration Form**, where you will be asked to provide the author/presenter's name, e-mail address, phone number, and other information suitable for follow-up communications with WINNER Committee as well as the WINNER conference attendees. Only the name and the e-mail address of the authors will be published publicly. The phone number will be used strictly for communication with the committee.

- Please upload your materials to your cloud storage (Google Drive, Onedrive, etc.) and copy the link in the registration form. Also, provide access for the committee to open and download the file. The PPT file should not exceed 25MB.
- Registration form can be accessed through the following [LINK](#).
- All selected posters will be published on the WINNER website and social media. In order to transfer the copyright release of your E-Poster to the WINNER committee, you are required to complete the question item at the end of the registration form: Consent/poster release. Posters without valid consent/poster release will not be published.

Evaluation Criteria

All posters and presentation summaries will be evaluated based on the following criteria by the WINNER Committee:

- Significance of topic to the field of study and/or community (relevant to the conference's theme)
- Quality of content (highlighting the essential aspects in supporting the main ideas)
- Clarity of the content (clear information for easy comprehension, e.g., free of jargon & spelling/grammar errors)
- The originality of the research or project (plagiarism is strictly prohibited)
- Layout of the poster (organized, effective, appropriate font size, visual aids, etc.)

Only selected posters will be given the opportunity to be part of the WINNER Conference Poster (live) Session at the committee's discretion. Please note that the submitted poster will be reviewed on a first-come, first-served basis.

9. Live session format

During the 3-day WINNER Conference, all selected posters will be exhibited in an online poster gallery (on EXPO tab on the HOPIN platform). Simultaneously with the other programmes (e.g., main stage, sessions, expo, and networking) that are proceeding on the day, conference attendees are able to visit the poster gallery at any time and make a one-on-one appointment with the author directly via the platform for questions and further discussions.

If the presenter wishes to host a networking session, please indicate in the registration form to request a dedicated virtual room. Please note that the presenter is responsible for promoting his/her own networking session.

10. Content Publishing

The selected posters for WINNER 2022 will be published in:

- WINNER website
- HOPIN platform (during the event)
- An e-book with ISBN.
